

CURIOUS GENIUS

SUMMER CAMP SCHEDULE 2026

 **Dates:** July & August
(Mon-Fri)

 **Location:** Calgary
Co-op Dalhousie

 **Pricing:** \$19/day or
\$90/week

Join us for an exciting summer of **Coding, AI, and Robotics!**

Early Birds get FREE bonus lessons!

Junior Geniuses (KG - Grade 3) • 9:00 AM - 12:00 PM

MONDAY	Picture-Based Logic Introduction to coding critical concepts . Sequencing, loops, and interactive stories.
TUESDAY	Block Puzzles & Animation Building core skills with Programming 1A/1B. Motion, sound, and interactive character design.
WEDNESDAY	Robotics & Hardware Hands-on STEM challenges and unplugged robotics building.
THURSDAY	Problem Solving Space Cadet computational thinking and Dragon Spells logic games.
FRIDAY	Intro to AI & Game Play Digital citizenship basics and playing educational Hour of Code games.

Geniuses (Grade 4 - Grade 8) • 12:00 PM - 3:00 PM

MONDAY	Visual Storytelling & Game Design Using Programming 101/102 to build mini-games with layers, collisions, and events.
TUESDAY	Advanced Arcade Games Physics-based coding (Programming 301/302), variables, and keyboard controls.
	Robotics & Hardware Integration

WEDNESDAY	Hands-on Arduino circuits, sensors, and practical robotics engineering.
THURSDAY	Text-Based Coding Transition to Python 101 or JavaScript 101. Syntax, loops, and text conditionals.
FRIDAY	Artificial Intelligence 101 Building webcam-powered AI models, apps, and learning machine learning basics.

Curious Genius Learning Centre

Preparing tomorrow's innovators today.

Daily topics repeat weekly to ensure deep understanding and allow flexible booking.
